

NEVADA ELIGIBLE INDUSTRY CREDENTIALING LIST

OBJECTIVE:

The state seeks to identify industry-recognized credentials that meet national quality standards, are recognized by third parties, support improved employment prospects, and have market value. While a credential does not guarantee employment, the state's vetted list of credentials will help protect students and adults transitioning into the workforce from poor quality credentials and promote credentials that can assist Nevadans in securing employment by providing evidence of skills and information on entry points into relevant industries.

TARGET AUDIENCE:

Entry-level certifications that secondary students or adults transitioning into the workforce could prioritize—that is, dislocated workers, veterans, adult education, etc.—when seeking workforce support.

LEGAL AUTHORITY:

[Nevada Senate Bill 516](#), passed by the 79th legislature and signed into law in 2017, established the Governor's Office of Workforce Innovation (GOWINN). Section 20(d) directs GOWINN, in consultation with the Governor's Workforce Development Board, to "...identify industry-recognized credentials, workforce development programs and education..." The [Workforce Innovation and Opportunity Act](#) (WIOA) also gives priority consideration to training that leads to industry-recognized credentials. Furthermore, [Nevada Assembly Bill 7](#), also passed during the 79th legislative session, provides for the State Board of Education to adopt regulations that prescribe the criteria for a pupil to receive a college and career-ready high school diploma, and, provides for the State Board of Education to prescribe the criteria for a pupil to obtain a college-ready endorsement and/or a career-ready endorsement on their diploma that is established so that it is recognized and valued by industries and postsecondary educational institutions.

TARGETED INDUSTRIES:

Industry	Status of Credential Identification	Industry	Status of Credential Identification
Information Technology	✓	Tourism, Gaming & Entertainment	✓
Health Care & Medical Services	✓	Career Readiness	✓
Mining & Materials	✓	Natural Resources	✓
Construction	✓	Aerospace & Defense	TBD
Manufacturing & Logistics	✓		

This list of credentials will constantly be updated as GOWINN or the Industry Sector Councils approve credentialing recommendations. Please check back for updates to the list.

Note: This list is not promoting or soliciting purchase or sale of company products, but represents nationally recognized, third-party validated credentials that are either required to enter certain fields and/or the industry honors for various occupations.
